

SKINZIN SPHYNX APPLICATION

Thank you for your interest in Skinzin Sphynx. My kittens are CFA registered and various colors and come to you with a one year guarantee against genetic defects. They can be placed in their new homes at 14-16 weeks of age if picked up but must be at least 16 weeks to be shipped. The pet price for kittens is from \$1200 to \$1500. Please see www.skinzin.com for additional information with regards to pricing. My prices include spay/neuter, microchipping, shots, and health guarantee. Shipping, however, is an additional cost. Once again, thank you for your interest. I will let you know when kittens are born, or what is available at this time. At that point, I will take a deposit of \$300.00 to be applied to the purchase price when the kitten becomes available. If, for any reason, I cannot supply a kitten from the specific litter for which you are applying, your deposit will be refunded or, alternatively, can be applied to a future litter.

If you are reserving a kitten that is already born, the deposit is the same.
